EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jennifer Hinton on 8/1/05.

The application has been amended as follows:

In claim 1 line 13, the phrase "and an outer" has been replaced with --and the outer--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, singly or in combination, a compliant, dynamic coupling as claimed in detail in claim 1 or claim 3.

Regarding claim 1, the prior art of record fails to teach or fairly suggest the limitations "a gas port for supplying pressurized gas into a gas curtain defined by the gas flow between the rod and the inner bearing surface" and "a compliant member adjacent the bearing for absorbing a force created when the rod moves toward the inner bearing surface to reduce contact forces created when the rod contacts the inner bearing surface".

Regarding claim 3, the prior art of record fails to teach or fairly suggest at least the limitations "the bearing comprising an inner bearing surface that is in close proximity to an outer surface of the elevator tube and wherein the inner bearing surface and the outer surface of the elevator tube define the gas curtain region", "a gas port for supplying pressurized gas into a gas curtain defined by the gas flow between the rod and the inner bearing surface" and "a compliant member adjacent the bearing for absorbing a force created when the rod moves toward the inner bearing surface to reduce contact forces created when the rod contacts the inner bearing surface".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M. Hewitt whose telephone number is 571-272-7084.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel Stodola can be reached on 571-272-7087. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
